

# Connecting Devices to the College Wi-Fi Network

Students can connect Wi-Fi enabled devices to the College network. All you need is your student login ID and password. (If you're new, ask your teacher).

Step 1/ Select the "Panther" network

Step 2/ Enter your login ID in the form: `nelcol\firstname.lastname`

## What to do if you Have Difficulty Connecting

- ✚ Check your login ID by logging into any classroom or library computer.
- ✚ A copy of these instructions are on Ultranet, along with details for specific devices. See Internet & WiFi on the Students Page
  
- ✚ Some devices want the username in a different form - here are the variations:
  - sam.smith
  - nelcol\sam.smith
  - sam.smith@nc.school.nz
  
- ✚ Ask a friend or classmate for help
- ✚ If you continue to have issues, then please see the IT Dept.
